Exidy's Secret Ingredient: Pepper II™

Pepper's the Spice!

PEPPER cautiously explores one side of a cube for hidden rooms, leaving tracks behind him as he goes. Once he's enclosed a room, a colorful pattern fills it in and points are awarded.

A touch of an Angel . . . Pepper usually takes the form of a vulnerable angel and must avoid the deadly Roaming Eyes, as well as the WHIPPERSNAPPER, a bright pink enemy who eats up any of Pepper's tracks not enclosing a room.

With a dash of the Devil! When Pepper encloses a room containing a pitch fork, he turns into a devil for a few seconds. At this point, he can chase the Roaming Eyes for points. The WHIPPERSNAPPER freezes but watch out! He still remains a deadly threat!
